## CITY COUNCIL IN SESSION

### The Old Steps Out and the New Goes In. List of Appointments Made by the New Mayor.

The old city council held its last meeting at the city hall on Tuesday evening, with W. E. Wheelan in the chair and a quorum of aldermen present. The council then took up the regular order of business. A petition was received from Ben Hansen asking permission to construct a sidewalk or spur, branching off from what is known as the Garrison switch and leading to the lot belonging to Mr. Hansen. The matter was referred to a committee.

A resolution was then presented in which the council spoke of the efficient service that had been rendered the city by Mayor Wheelan, and the help he had always extended to them at any time when they needed his advice, and extending to him a vote of thanks. The resolution also provided that a life size picture of the mayor be procured and hung in the council room. The resolution was passed unanimously.

There being no further business the old council adjourned.

Mayor Nash then took the chair and called the new council to order. A quorum was found to be present and Mr. Nash made a short address to the members of the council. He spoke of the good work that had been accomplished during the three years just past by the retiring council, and expressed the hope that he could leave the office under as favorable circumstances. He stated, however, that it was not the object of the present administration to make any more improvements than would be absolutely necessary to keep things up to the present standard, as he felt that the public wanted an economical administration. He also spoke of the moral side of the city and stated that while it was his belief that if the city granted the saloons license to operate that they had as much right to do so as any other business, but that he did not believe in their abusing that right, and that it would be his endeavor to make them live up to the laws laid down for their government. Mr. Nash also spoke of the habit of the people of presenting petitions to the city council asking for improvements at times and places where improvements were not actually needed. He said that this habit

of presenting numerous signed petitions often compelled the council to act on matters and spend money where it was not necessary, and that unless the practice was kept down as much as possible it would be impossible to furnish the city the economical government that they were in the hope of getting.

At the conclusion of Mr. Nash's address the council proceeded to the election of a president, and J. B. Arpin was unanimously chosen for this position.

Mayor Nash then read his list of appointments which were as follows:

Clark, C. E. Bole.  
Attorney, J. A. Gaynor.  
Physician, Frank Pominville.  
Chief of police, James Gibson.  
Day policeman, John Garfield.  
Night police, east side, John Kautli.  
Night police west side, Mike Mason.

The standing committees for the coming two years are as follows:

Finance, Aldermen Jackson, Arpin and King.  
General business, Aldermen Hill, Lutz and Billmyre.  
Streets, Aldermen Schuman, Gross and Bossert.  
Sawyers, Aldermen Gross, Nissen and Bossert.  
Waterworks, Aldermen Lubeck, McCarthy and Gettschlag.  
Public works, Aldermen Jackson, Hill, Gross, Schuman, Paulus, Lubeck and Mayor Nash.  
Sidewalks, Paulus, Schuman and Nieman.

The bond of the new city treasurer was fixed at \$20,000, and that of the clerk at \$1,000, the same as before.

Before the council adjourned Mr. Nash called upon former Mayor Wheelan to give the present members a few words of advice, and he responded briefly to the invitation. He stated that he was pleased to know that the affairs of the city had passed into the hands of such a worthy successor as Mr. Nash, and felt that the city affairs would receive the same careful attention that they had in the past.

At the conclusion of Mr. Wheelan's address an adjournment was taken until the next regular meeting, which occurs the first Tuesday in May.

### Dollar Potatoes

Some of the potato buyers throughout the country predicted last winter that potatoes would be worth a dollar a bushel by spring, and their predictions have come true. Buyers in this city are offering a dollar a bushel now and it is very hard to obtain stock at that price.

During a talk with Ben Hansen on Tuesday, that gentleman stated that the potato market was in rather a remarkable condition. He said that lots of potatoes were being received in Chicago every day, enough to fully supply the market, and still the

price was above a dollar, at times going up to a dollar and twenty cents. Last week something like three hundred cars of potatoes were received which is a large amount even for Chicago, and still the price remained firm. It must also be remembered that new potatoes have been coming in from the south for the past couple of months, which makes the maintaining of prices even more remarkable.

### SCHOOL BOARD DOINGS.

#### Superintendent Youker Invited to Remain Here Next Year.

The school board held a meeting last evening and it was decided to change the school system in this city to a certain extent. Hereafter the superintendent will also be the principal of schools, and he will have two assistants, which will be known as the first and second assistants. The first assistant will be a man.

This system has been tried in other cities of about the size of Grand Rapids, and has been found to work in good shape. It may save a trifling expense and at the same time bring the superintendent into closer touch with the pupils, which is considered a good thing.

The superintendent is in the city and it is thought that no better plan can be adopted.

An invitation has been extended to Supt. Youker to stay with us another year. His work during the past two years has proven him to be such, and the people pretty generally feel that the board has made a wise decision in asking him to remain with us.

At the meeting of the board last Thursday A. L. Pominville, president of the school board, made the following appointments for the coming year:

Committee on Teachers and Texts—Dr. F. Pominville, T. A. Taylor, W. J. Conway, Dr. A. L. Ridgman, E. Oberbeck.  
Building and grounds—H. Radlin, H. C. Wiperman, W. F. Kellogg, J. W. Nutwick, W. H. Reeves.  
Finance—A. C. Otto, T. A. Lipke, E. S. Remie, L. E. Clapp, Otto Blom.  
Purchasing committee—Dr. F. Pominville, H. Radlin, A. C. Otto, A. L. Pominville.

With the exception of a very few, all of the teachers have been invited to remain the coming year, as yet their answers have not been conveyed to the board.

### Found Team in the Ditch.

While on his way to town this morning Frank Brostowitz found a team of horses in the ditch near the Derrieh place in Sigel. Both of the horses were down, and the water was deep enough so that one of them was about played out and ready to give up the struggle. Mr. Brostowitz was unable to do anything to the saloon of Mr. Crotteau, and waking up the proprietor, for it was only five o'clock in the morning, returned to the place and the two men succeeded in relieving the horses from their difficulty.

The team had been hitched to a light wagon, and there were evidences of a runaway, but nobody present knew who the team belonged to. As the horses were pretty badly used up from their exposure, they were left at Mr. Crotteau's place and the authorities in this city notified of the facts in the case.

### Will Raise Sugar Beets.

Many of the farmers north of here in the vicinity of Marshfield and Wausau have contracted to grow sugar beets during the coming summer, which will be delivered to a new beet sugar factory which is proposed to establish at Chippewa Falls. The farmers are to receive at the rate of \$3.50 per ton for beets showing 12 percent of sugar. If the farmers take kindly to the work of raising beets it is probable that a factory will be built at Wausau in the near future, and thus open up a new field for the farmers in that section of the country. Some beets were raised at or near Wausau last summer and upon being tested they showed a good percentage of sugar, indicating that the country up there was well adapted for this branch of industry. Where farmers have engaged in the raising of sugar beets sufficiently long to learn the best methods they have found it to be a remunerative employment. It is also stated that the beet does not impoverish the soil as much as many other crops, which is an item to be considered when engaging in the work.

### The Midnight Express.

Zeb, Zarrow & Kennedy's Big Sensational Scenic Spectacular will be the attraction at the opera house on Thursday, April 21. The play introduces many wonderful and marvelous effects that keep the spectator spellbound and amazed. Among some of the principal effects introduced is a real life sized train of cars with engine and tender in full view of the audience running at full speed and the timely rescue from the wheels of the same by the heroine. A wonderful leap for life from a high cliff, a death struggle, and many other hair raising scenes are introduced in the play. For lovers of this class of entertainment it is doubtful if they can find in the entire list of attractions to be seen at the opera house this season a play that will please the many better than the "Midnight Express." Mr. Royal Stout, late star of Zig Zag Alley, has been meeting with much success in this attraction and his reputation as a pure dry and simple comedian assures him of a success that is everlasting. The cast is large and composed of clever artists. The company is spoken of very highly everywhere.

### Episcopal Services.

The Right Reverend R. H. Weller, bishop-coadjutor of Fond du Lac, will hold a service with sermon in St. John's Episcopal church in this city on Thursday evening, April 21st, services commencing at 7:30. All are invited to be present.

### WHEELS WILL SOON TURN.

#### Work at the Consolidated Being Hurried Forward Rapidly.

Work on the electrical apparatus at the plant of the Consolidated Water Power and Paper company is being hurried forward as rapidly as the men of men available will allow, and it is expected that one or two of the big generators will be ready to operate on the first of next week.

On to each water wheel are connected two generators, one a direct current and the other an alternator. These two generators will give fully one thousand horse power, or the full capacity of the wheels, which is figured at one thousand and fifty horse-power.

The switchboard from which the current is handled is fifty feet in length and constructed of marble, and with the copper switches and different meters presents a very handsome appearance. It is one of the most complete affairs of the kind in this section of the country, and is constructed on the latest approved designs.

With the exception of the grinders, which are connected direct to water wheels, all of the machinery of the mill will be operated by individual motors. This method of conveying the power does away to a large extent with the immense amount of shifting and boring usually to be found in an institution of this sort.

As the electric wires are laid in conduits, there is very little to obstruct the passage of the workmen in any part of the mill, and the danger from moving shafts and belts is reduced to a minimum.

Some of the motors are operated by direct current and some by alternating. This enables the speed of the motors to be changed where necessary, a thing that is necessary in a paper mill.

Every electrician who can be found in this locality has been employed on the work of wiring and connecting up the switchboard, and several have been imported from out of town to assist in the work, and still there is a demand for more help.

Since the mill has been nearing completion there have been a number of parties here from outside who are interested in the paper making industry, and the universal verdict has been that the new mill is a model of neatness and handiness, and that a maximum amount of stock should be turned out with a minimum of labor. During the past week several carloads of sulphite have been received at the mill, which makes it look as if there was going to be something doing there in a short time now.

### Rudolph Telephone Line.

The farmers out Rudolph way have not decided as yet whether they want to build a telephone line or not. They have been figuring on the matter but some of them are of the opinion that the local company wants too large a sum for handling the business at this end of the line. As the local telephone company is being conducted strictly on business principles, every one who has connections with it to which board must pay his share of the operating expenses, and if he is not willing to do so, he will not be given the service. During a talk with G. W. Paulus, the president of the Wood County Telephone company, last week, that gentleman stated that the difference between what the Rudolph people wanted to pay and what the local company wanted them to pay was only a matter of a few cents a month, and that the farmers felt that because they stuck out for this few cents, that they were trying to skin them. Anybody who imagines that it does not cost anything to operate a telephone exchange can be readily undeceived by interviewing Mr. Paulus, who is ready and willing to show the figures on the matter. It is entirely probable that if the people out Rudolph way once had a telephone system at their disposal that they would not be without it again for twice or three times what the cost would be for connections at the local office, and it is also probable that they will put in the line in spite of the little difference in opinion.

### Carrying Cows to Newcastle.

A story is going the rounds in this city to the effect that one day recently Dominic Reiland, the west side market man, sent a couple of calves to Chicago, he having more than he could handle. About the same time Nic Reiland, the east side market man, sent after some veal, he being short of meat of this sort. In the course of time he received the same two calves that his brother had sent away. Wonder who had to pay the freight.

### At the Baptist Church.

Next Sunday morning there will be a special service for the boys and girls. Sermon subject: "Four Things, Little But Wise." Evening subject: "Christian in the Valley of the Shadow of Death." Special exercises in connection with the Bible school at noon. The public is cordially invited to all these services.

### The Midnight Express.

### COMPANY INCORPORATED.

#### Grand Rapids Brewing Co. Name of New Concern.

On Monday the articles of incorporation of the Grand Rapids Brewing company were filed, which means that it is entirely probable that Grand Rapids will have a brewery in the near future unless something untoward occurs to stop the plans of the projectors.

During an interview with Jacob Lutz, who is one of the prime movers in the matter, that gentleman stated that there had been subscribed a total of \$37,000 out of \$40,000 that was the intention of securing. He also stated that there would be no trouble in securing the balance of the money right in the city, as it was known where it could be secured. Several parties from outside have made applications for stock, but none has been able to people out side of the city, as it was the desire of the projectors to have it as much as a home institution as possible.

As to location of a site, nothing definite has as yet been decided, and it is the intention to put this matter on until the officers of the company have been elected. It is not anticipated that any trouble will be encountered in this matter, however, as good sites are plentiful and can be secured at a reasonable expenditure of money.

A meeting of the stockholders will be held in the near future to elect officers, when something definite will be done along lines that up to the present time have been neglected.

The building of this brewery will mean the addition of another industry to the city and the keeping at home of a large amount of money that has heretofore been sent outside for beer.

### LYON HOUSE NO MORE.

#### Workmen Will Commence Remodeling on Monday.

The Lyon House, which is one of the old hostleries of the city, will be discontinued on Sunday next, and on Monday morning a gang of workmen will begin remodeling the structure for the purpose of making it into store buildings and offices.

During an interview with Clark Lyon on Tuesday that gentleman stated that it was his intention to make three store buildings, down stairs and the upper story into offices which will be rented to persons desiring a place of this sort. Place glass fronts will be put in, and there will be two stores twenty five feet in width and one of fifteen feet. The structure will also be brick covered so that it will not only present as good an appearance as any building on the street, but it is also so conveniently located that it should be constantly in demand.

The old Hotel Lyon has been one of the principal hostleries of the west side for a good many years, and the discontinuance of the same and the remodeling of the building into stores will make considerable of a change in that locality.

### Doings at the Clubhouse.

The members of the Crooked Hill Rod and Reel Club have about completed a new barn at their clubhouse on river, which will be used by the members for the accommodation of their teams when they go up there on an outing. The new structure is 40 and contains ten stalls, which is considered sufficient for their demands. This club is comprised of twenty five members, and they have things fixed pretty comfortably there so that it is a pleasure to spend a few days there during the heated season.

### New Organ Received.

The new pipe organ for the Catholic church in this city arrived on Monday and since that time workmen have been engaged in placing it in position in the edifice.

On Tuesday evening of next week a concert will be given in the church when the public will have a chance to hear the new instrument. The members of this congregation have reason to feel proud of their enterprise in being the first ones to get an instrument of this sort.

### W. C. Engine Crippled.

The engine hauling the train that comes up from Nekoosa at 9:25 broke down near the box factory on Monday and the passengers, of which there were a large number, had to walk to the city. The trouble was caused by the breaking of a valve roller, and it was about an hour before the train could continue on its way. This branch of the road makes remarkably good time and it is seldom that there is any delay for even a few minutes.

The Latest of the Deceases of Fashion—Crepes Marquise One of the New Spring and Summer Fabrics—Japanese Satins That Are Bound to Be Popular.

**Cotton Crepes.**  
Crepes Marquise is one of the new spring and summer fabrics that can be washed. It has a crepe ground of moiré, and is distinguished by embroidered dots. Crepe Jacquelin, another silk and cotton goods in moiré, runs through the gamut of colors from pale cream to black, with overrunning Jacquards. Crepe Armande is similar to crepe Marquise, but it has a crepe ground of moiré, and is distinguished by embroidered dots. Crepe princess is all cotton, but is a charming fabric. Vain d'acier is a new and cheap all-cotton goods, with three threads woven together in such a way as to prevent sagging of the material. Pompadour crepe is another new dress material, with the softness of crepe and the lustre of silk, and printed in Pompadour designs.

**Blouse Eton.**  
Walking costumes made with short coats and skirts that clear the ground are the latest shown and are charmingly graceful as well as hygienic and comfortable. This one is made of mixed homespun, in tans and browns, with revers of tan colored cloth, and

**Initial Handkerchiefs.**  
Men's smart handkerchiefs once more display at one of the lower angles the exact representation of a wax seal, perfectly imitated with the needle and washing silk, either in blue, red, green or pink. In the center of the small square are worked out in white silk small delicate initials or interlaced monograms. Larger and heavier ones are frosted, ribbed, and entirely embroidered in white silk or lustrous cotton within a formal square outlined with stem stitch.

**Old-Fashioned Brocade.**  
Velvets of light and delicate colors combined with heavy patterned guipure and rich Venetian and Spanish point are being employed for the most exquisite evening gowns and evening dresses, trimmed with bands of pale and dark fur. We are coming to painters, especially for weddings. The mothers of the brides are falling back on brocade, and the guests are often seen in velvet gowns trimmed with chenille, the older ladies favoring black velvet gowns.

**Veils Are Passing.**  
Veils will be much less worn because of the veil effects in the lace trimmings, and feathers, though occasionally, we see a few popular than flowers. Revers stand fast in fashion—very large and small, and pink more than other colors.

**A Belt of Precious Stones.**  
An attractive new belt is composed of large gemstone beads and precious stones set in a circle. Olivines, amethysts, topazes, coral and turquoise figure in this belt. Gemstone beads separate the stones, so that there is no clash of colors.

**4674 Woman Skirt, 32 to 40 bust.**  
**4673 Walking Skirt, 22 to 30 bust.**

includes the fashionable tucks in both blouse and skirt. The drop shoulders, the wide sleeves and the crushed belt all mark the blouse as essentially smart while the skirt with front and back alike and short tucks between is one of the newest and best liked. To make the blouse for a woman of medium size will be required 2 1/2 yards of material 27, 2 1/2 yards 44 or 2 yards 52 inches wide to make the skirt 2 1/2 yards 27, 5 yards 44 or 3 1/2 yards 52 inches wide.

**A May Manton Pattern of Blouse.**  
No. 4674, sizes 32 to 40, or of skirt, No. 4673, sizes 22 to 30, will be mailed to any address on receipt of ten cents for each.

**Louis XV Ribbons.**  
There is a suspicion of the influence of Louis XV in the new ribbons. A beautiful long white satin cloak has a cape composed entirely of puffings of chiffon, coming from dark to light. Other effects are produced in evening gowns by placing colored and blue produce a number of other effects, and there are quite delicate nuances, and there are also the palest mauve, brown to flame color. Pansies, velours, mousselines, beautiful in themselves, are capable of displaying lovely colorings of such rich as emerald and mulberry are a beautiful accompaniment to orchid tones. The various shades that characterize bunches of violets now are notably beautiful, and they often appear out from a background of added charm in contrast to the Russian violets.

**Russian Lacquer Now in Vogue.**  
Russian lacquer is much in vogue for useful things in dens and libraries. The bright red lacquered lining is in striking contrast to the jet black lacquered outside. Old peasant figures ornament the latter in bright colors. Pen trays, cigar trays and boxes of all sorts are to be seen in this artistic ware.

**Red and Pink Combined.**  
A combination of colors most people would exclaim at has become very popular this season. It is red and pink, and brunettes may consider this a blessing, as it is particularly becoming to their type. Pink is used for the foundation of the frock, and it is trimmed with clusters of cherry or deep poppy shades that blend with it. The effect is very rich, and a handsome gown is the result if care is taken in the shading of the color.

**Child's Frock.**  
Long-waisted or French frocks are among the most fashionable shown for the little folk and are charming in the extreme. This one is made of mercerized blue chambray with trimmings of white embroidery and is eminently simple as well as attractive.

**Waists made with fancy capes, or cape collars, are both graceful and fashionable, and also are becoming to the greater number of women.** This one is peculiarly effective and makes part of a costume of violet, seeded voile trimmed with ecru lace applique and worn with a crushed belt of mosseline satin. The tucks, that are arranged to give a yoke effect in the waist and to confine the sleeves closely at the shoulders, provide soft

**DID NOT KILL HIS COMPANION**  
Man Pushed Off Train by Appleton Clerk Not Seriously Injured.  
After believing for five years that he was responsible for the injury and possible death of a companion, Charles Jenkins, clerk at the Appleton depot, has found that the man is alive. Five years ago Jenkins says he was heading his way through Montana on a freight train with John Linden of Oshkosh county, Washington. In trying to get out of the way of an auto train, it was dark and he supposed Linden was killed. Recently a stranger entered the store and asked for a toothbrush. He exhibited a scar on his lip and a gold crown. Asked the cause he told of being shoved off a train in Montana. Jenkins thought the stranger's countenance was familiar and closer inquiry developed the fact that he was John Linden.

**Clover Is Killed by the Frost, Which Slays Lambs and Young Poultry.**  
A snow storm, accompanied by a decided fall in temperature, caused a heavy property loss in the vicinity of Kendall Monday night and Tuesday. Farmers were caught unprepared and livestock suffered severely. The heaviest loss is in the clover, which is now being killed by the frost. Lambs and young poultry that were exposed to the cold in a temperature of 10 degrees below zero, need be soiled and taken care of. Because of the frost, some of the farmers had been showing for spring grain, but soiling will now be delayed some time. The snow and the roads, which are impassable, are hanging upon the trees and backs of many branches and caused trees so that many will die. The loss to farmers is estimated at \$100,000.

**MRS. CECILIA STOWE,**  
Orator, Katox House.

176 Warren Avenue,  
Chicago, Ill., Oct. 22, 1902.

For nearly four years I suffered  
from ovarian troubles. The doc-  
tor insisted on an operation as the  
only way to get well. I, however,  
strongly objected to an operation.  
My husband felt disheartened as  
well as I, for hours with a sick  
woman in a desolate place at  
home. A friendly druggist advised  
me to get a bottle of Wine of  
Cardui for me to try, and he did not  
hesitate to give me a few days and  
my recovery was very rapid. With-  
in eighteen weeks I was another  
being.

**Cecilia Stowe**

Mr. Stowe's letter shows every  
woman how a home is saddened by  
female weakness and how completely  
Wine of Cardui cures that weak-  
ness and brings health and happi-  
ness again. Do not go on suffer-  
ing. Go to your druggist today  
and secure a \$1.00 bottle of Wine  
of Cardui.

4-12-04 Notice of Final Settlement.  
Wood County Court—In Probate.  
In the matter of the last Will and Testament  
of Elsie Abbey, deceased.  
On reading and filing the petition of Alton  
Shields, executor, representing among other  
things that he has fully administered the said  
estate, and praying that a time and place be  
fixed for examining and allowing his account  
of his administration, and that the persons as  
are by law entitled to the same.  
It is Ordered, That said application be heard  
before me, at my office in the city of Grand  
Rapids, on the 15th day of June, 1904, at 10  
o'clock a. m.  
And it is further Ordered, That notice of the  
said application and hearing be given to all  
persons interested, by publication of a copy of  
this order for three successive weeks in the  
Grand Rapids Tribune, a newspaper printed in  
said county, before the day fixed for said  
hearing.

Witness my hand and the seal of said  
Court, this 12th day of April, 1904.  
J. J. CONWAY, County Judge.

**Call for Democratic State Con-  
vention.**

By direction of the Democratic  
State Central Committee a convention  
of the Democratic electors of the State  
of Wisconsin is hereby called to be  
held in the City of Milwaukee, Tues-  
day, May 17, 1904, at 12 o'clock noon,  
for the purpose of electing delegates  
to the Democratic National conven-  
tion, to be held at St. Louis, July  
6th, 1904, and to nominate electors of  
President and Vice President. All  
electors of Wisconsin, irrespective of  
past party affiliation, who believe in  
Democratic principles are urged to co-  
operate in electing delegates to this  
convention.

The representation to which each  
county is entitled is designated below,  
the apportionment being made  
on the basis of one delegate for each  
250 voters or major fraction thereof  
cast for the Democratic gubernatorial  
candidate in 1902:

Proxies will only be recognized  
when presented by actual residents of  
the same county as the delegate re-  
presented.

The credentials of all delegates  
elected to said convention shall be  
certified to the State Central Commit-  
tee by the chairman and secretary of  
the respective county committees and  
forwarded to the chairman of the  
State Central Committee at Milwau-  
kee in advance of the assembling of  
the convention.

By order of the Democratic State  
Central Committee.

A. P. WARREN, Chairman,  
Waukesha, Wis., April 11, 1904.

L. Horton and Son of Minneapolis  
have purchased the restaurant on the  
west side from C. R. Griggs, and took  
charge of the place last week. Both  
of the Messrs. Horton are practical  
restaurant men and have had years of  
experience in the business, so should  
be able to make a success of the busi-  
ness.

"I have used Chamberlain's Stomach  
and Liver Tablets with most satis-  
factory results," says Mrs. P. L. Phelps,  
Houston, Texas. For indigestion,  
biliousness and constipation these tab-  
lets are most excellent. Sold by Otto's  
Pharmacy.

One of the worst snow storms we  
have had in this section during the  
past winter occurred on Thursday  
night and Friday of last week. The  
snow was so heavy that it was impos-  
sible to travel. Many of the farmers  
had to tramp home thru drifts and in  
some places were a foot deep, and in  
some morning it was piled up in places  
to two or three feet. While the  
weather was not especially cold on  
Friday, such a gale accompanied the  
snowfall that it was very disagreeable  
out of doors, and there was very little  
doing about town.

The ice in the pond above the dam  
at this point has all disappeared with  
the help of a gang of workmen who  
have used liberal quantities of  
dynamite in giving it a proper start.  
Since the ice was not out of the water  
has again been allowed to go thru the  
sluiceways and a gang of workmen  
have been unking some changes in  
the piers of the east end of the dam.  
There was a very pretty sight at the  
dam while the water was going over  
the spillway, and when a cake of ice  
went over it added greatly to the  
grandeur of the scene. There was  
never a time during daylight when the  
dam was not lined with spectators  
watching the sight.

**Of Interest to Parents.**

In buying a cough medicine to be ad-  
ministered to children, parents who  
are of a delicate constitution, parents  
should avoid buying those bad tasting  
syrups that nauseate the stomach and  
disturb the digestion. Many of such  
medicines contain opium and other  
sleeping drugs which are dangerous,  
as well as unpleasant. There is one  
medicine sold by Sam Church and  
John H. Daly, which is free from all  
objections. It is Hark's Honey and  
Horehound and it may always be relied  
upon to speedily cure Coughs, Colds,  
Croup, La Grippe and all Throat and  
Lung affections. Large bottles 25c,  
50c and \$1.00.

Nothing Equal to Chamberlain's Cough, Cholera  
and Diarrhoea Remedy for Bowel Com-  
plaints in Children.

"We have used Chamberlain's Cough,  
Cholera and Diarrhoea Remedy in our  
family for years," says Mrs. J. B.  
Coeke, of Netherlands, Texas. "We  
have given it to all of our children.  
We have used other medicines for the  
same purpose, but never found any-  
thing so effective as Chamberlain's. If  
you will use it as directed it will always  
cure. For sale by Otto's Pharmacy."

**Invented a Door Fastener.**  
James Gaynor of Cranmoor was in  
the city on Saturday attending to busi-  
ness matters. Mr. Gaynor had just  
finished making out the papers for a  
patent on an ingenious but simple  
door fastener that he has recently in-  
vented. The fastener is for the pur-  
pose of holding the door open instead  
of shut, as is usual with such contriv-  
ances, and is automatic in its action.  
It can be used to hold any kind of a  
door in place, and is so constructed  
that if a door is left open the first  
rust of wind that comes along and  
slams it back will lock it there, so  
that it cannot flap back and forward  
and cause annoyance and damage. It  
is a very ingenious contrivance and is  
so simple that it can be sold very  
cheaply, so that it should come to  
the attention of everybody in the  
general run.

**Decisions Reversed.**  
The cases of Annie Lyon and Lydia  
Duncan against the city, which were  
before the Supreme court last month  
have been decided, and both of the de-  
cisions of the lower court were re-  
versed.

The city was the appellant in both  
cases. The reversal was made on the  
admission of certain testimony in one  
case and the judge's charge in the  
other. The plaintiff's side was ar-  
gued by D. D. Conway and that of  
the city by T. W. Branson, those hav-  
ing been the latter's first cases before  
the supreme court. Unless settled the  
cases will be tried again in cer-  
tain court.

**The Panama Canal.**  
One of the most practical methods  
of advertising will be shown the busi-  
ness men of this vicinity by a repre-  
sentative of the National Directory  
and Advertising Co. of Stevens Point,  
Wis., consisting of a Panama Canal  
Map in two colors, 62x87 in. with or-  
ders to be used as an advertising Di-  
rectory.

When completed 100 of these maps  
will be hung in public places designat-  
ed by the business men lending their  
support. The Panama Canal question  
is now and will be before the people  
for four years. Hence its practical  
utility as an advertising medium  
should be considered.

**The Midnight Express.**  
Zeb, Zarrow & Kennedy present  
at the Opera House on Thursday,  
April 21 the well known and success-  
ful comedy drama "The Midnight  
Express" by John J. Kennedy. The  
play is said to be the most wonderful  
of all this seasons repertoires. A  
clever cast of players and a large and  
competent company make "The Mid-  
night Express" one of the best attrac-  
tions booked by manager Hamilton  
this season. The prices will remain  
as usual.

**Fire at Dr. Crawford's.**  
Fire was discovered in Dr. Craw-  
ford's home on Tuesday evening.  
The flames were extinguished by the  
east side fire company before much  
damage resulted, but every thing was  
wet down in good shape.

At the oratorical contest on Fri-

will make a good showing at the dis-  
trict contest. This occurs in this city  
a week from next Friday evening at  
the Lincoln high school.

# SPAFFORD, COLE & COMPANY.

**Decided for the Company.**  
At Stevens Point last week Judge  
Webb tried the case between the rail-  
way company and the city, concern-  
ing the shops that were built in that  
city by the Wisconsin Central com-  
pany, and he decided in favor of the  
company.

When the Central company decided  
to locate its shops in Stevens Point  
the city voted aid to the company in  
the sum of \$25,000. When the com-  
pany vacated the buildings and moved  
their shops to Fond du Lac, the city  
wanted to retain some title in the  
structures on account of the money  
that had been donated. It was de-  
cided, by the court, however, that the  
buildings belonged to the railroad  
company. It would seem as if the  
offering of a bonus for a railroad to  
locate its shops in a city was rather a  
risky piece of business. It looks very  
much as if the moving was done for  
the purpose of fattening the wallets  
of certain members of the company,  
and the benefit to a city is only of the  
transient order, and not to sought  
after to any great extent.

**Will Enlarge Store.**  
Spafford, Cole and Co. have decided  
to utilize the second story of their  
building for a carpet department, and  
will begin up for that purpose. The  
second floor has heretofore been oc-  
cupied by the Baglos as a lounge room,  
and also for small dances and parties,  
and was a first class place for this pur-  
pose.

**Boil Your Water.**  
Those persons who are using the  
river water for drinking purposes are  
warned by Dr. Pomerville, the  
health officer, to boil the same before  
they use it. While the water may be  
no worse than it has been for years  
when all of the west sides used it  
for drinking and cooking purposes,  
still it is as well to be on the safe  
side and not take any more chances  
than necessary.

Now is the time to take a spring  
 tonic to purify the blood, cleanse the  
 liver and kidneys of all impurities.  
 Hollister's Rocky Mountain Tea will  
 do the business. 35 cents. Tea or tab-  
 lets. Johnson & Hill Co.

## STOP PAYING RENT. STOP PAYING INTEREST.

### THE CO-OPERATIVE HOME AS- SURANCE COMPANY

will furnish you the money to pay  
off your mortgage or buy a home  
of your own selection anywhere in  
the United States.

**Without a Big Payment, Without Interest  
without Additional Security and  
Less Than Rent.**

Convince yourself in figuring how much you have paid in rent for ten  
years and see if you have not paid for a house which the landlord still owns.

You can select your own lot, build or buy a house or farm anywhere in the  
United States and we will pay for it.

Our plan is simple, safe and positively sure. Safe because every dollar  
you pay is secured by its full value in Real Estate, the safest security on earth.  
Sure, because we do not attempt to give you something for nothing—you pay  
for your home but we make it possible for you to pay for it in small monthly  
installments—positively no more than you are paying rent. Every payment  
you make gives you an ownership in your home, to the amount you pay. In-  
stead of going into the landlord's pocket YOU SAVE IT. You are not limited  
to any particular locality—you are at liberty to select your home wherever you  
please. A postal card addressed to the home office will bring you our pam-  
phlet explaining in detail our organization, showing you plainly how you may  
own your own home

## THE HAT...

Is conceded to hold a very  
prominent, if not the most  
important place in a man's  
wardrobe so far as his  
general appearance is con-  
cerned, from it you gain  
your first impression, with  
a stylish and becoming hat you cover a multitude of  
sins or defects in your suit or shoes. Always be  
sure to get a hat that will harmonize with your  
height, complexion, build, age, and will suit your  
general makeup. A tall, thin man should not wear  
the same kind of hat a short, stout man should.  
That is common sense. We propose to supply

**All Sizes, all Colors, and all the Latest  
Styles Up-to-Tomorrow.**

Anyone can be up to date, but we look ahead  
and put our patrons even on the morrow.  
Come and see our new hats, it don't cost you a  
cent—to look at them.

## OUR COUNTRY CORRESPONDENTS

### NEKOOSA.

Married on April 14th at the home of the bride's parents, Miss Louise M. Henderson and Benjamin L. Lynn of Nekoosa. The bride is a former pupil of the Grand Rapids High School and the groom an operator for the Wis. Central. The bride was groomed in white tulle and carried white carnations, the groom wore the conventional black broad cloth and was attended by the bride's brother, Jesse J. Henderson of Appleton, the bride by Miss Lillian Wakley of Oshkosh. After the ring was placed on the bride's finger and Rev. Plunkay pronounced them one, a sumptuous repast was served to the numerous guests. The bride donned a handsome traveling dress of blue tulle, and amid showers of rice, old shoes and good wishes, boarded the train for a short bridal trip. The wedding presents were numerous and costly, silver predominating. The guests from a distance were the bride's aunt, Mrs. B. White, her cousin Mrs. J. Schweser, husband and two little sons of Monticello, Minn.

### A Great Sensation.

There was a big sensation in Greenfield, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I suffered terrible agonies for months, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure. Similar cases of Consumption, Pneumonia, Bronchitis and grip are numerous. It's the perfect remedy for all throat and lung troubles. Price 50c and \$1.00. Guaranteed by John Day, druggist. Trial bottles free."

### KELLEN.

Robt. Humann and Martin Timm were at Nekoosa Saturday for the stock fair. We judge they were poor jockeys as they brought home the same team they started with.

Potatoes are still soaring. The much talked of and long expected dollar a bushel has at last been reached but there is very few left to obtain the benefit of it.

J. G. Timm is finishing the interior of his new home. When finished John will have one of the nicest homes in this part of the country.

A merry party of young people spent Sunday evening at Chas. Branstetter's. Every one present reports a fine time.

Polley's Kidney Cure if taken in time affords security from all bladder and kidney diseases. Sold by Johnson & Hill Co.

Wm. Humann is very busy building his new home in your city. We are sorry to lose him from among us.

Mr. Kroegs has finished sawing this week. The mill has cut over 200,000 feet this season.

Honry Preibow is in your city assisting in the sale of Fred Humann's farm.

"April showers make May flowers" we wonder if this applies to snow storms.

Walter Bass is in your city hunting rock for Richard's new house.

Mrs. Witt of your city is visiting at her son's, W. H. Witts.

Mr. Fiedelich of your city was a Kellner visitor Sunday.

### Robbed The Grave.

A startling incident, it is warranted by John Oliver of Philadelphia, Pa. says: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued them for three weeks, and am now a well man. I know they robbed the grave of another victim. No one should fail to try them. Only 50 cents, guaranteed, at John F. Day's drug store."

### RUDOLPH.

Miss Onelia Akey of the Grand Rapids Tribune was home between trains on Tuesday evening to see her mother who has been seriously ill the past few days, but is on the road to recovery at this writing.

Leona Rainhart has resigned his position at the Grand Rapids Milling Co. as bookkeeper and will again return to Wausau to attend the Business College.

Mrs. Joseph Akey, one of the old settlers of Rudolph, died at the home of her son, Peter, on Sunday morning.

### Solistic Rheumatism Cured.

"I have been subject to sciatic Rheumatism for years," says E. H. Waldron, of Wilton Junction, Iowa. "My joints were stiff and gave me such pain and discomfort that I could not crack when I awoke in the morning. I used Chamberlain's Pain Balm and have been thoroughly cured. Have not had a pain or ache since. It is certainly a most powerful ointment." For sale by Otto's Pharmacy.

### A Fine Publication.

The Tribune is in receipt of a copy of the Wisconsin Arbor and Bird Year Annual for 1904, issued by C. P. Cary. It is certainly a nice book, it being printed on fine book paper and profusely illustrated with half tone and color pictures. The book was compiled by Maud Barnett, and is certainly a credit to all of those who had anything to do with it. Governor LaFollette has designated Friday, May 6th as Arbor day and recommends that the day be observed by all institutions of learning by planting trees, and such other suitable exercises as shall serve to emphasize the importance of the protection and extension of our forests as essential to the well being of future generations, and the preservation of our native birds.

### Cure a Cold in One Day.

Take Laxative Broom Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Groves' signature is on each box. 25c.

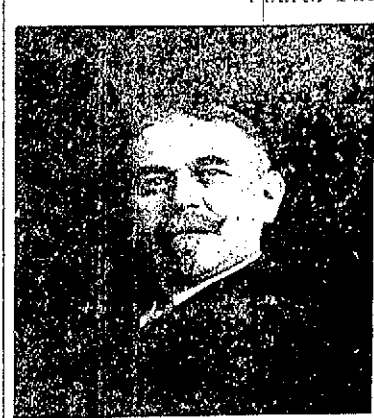

## DR. TURBIN

Of Berlin, Germany, the Expert Specialist and Surgeon.

Who is well known throughout the state for his honesty toward his patients, will visit

Grand Rapids, Thursday, April 21st.

At the DIXON HOUSE. Hours 9 a. m. to 8 p. m. Will return every fourth Thursday thereafter.

DOCTOR TURBIN, 103 Randolph St., Chicago, Ill.

**YOUNG MEN** If you are troubled with nervous debility, blood poisoning, rheumatism, enlarged veins, fistula, piles and other rectal diseases, kidney, bladder and lingering ailments.

I MAKE NO CHARGE FOR CONSULTATION, whether you take treatment or not.

**VARICOCELE.** Varicocele impairs vitality and destroys the elements of manhood.

I want every man afflicted with Varicocele, Blood Poison, Nerve-Vital Debility, or allied troubles to come to my office, where I will explain to him my method of curing these diseases. I invite in particular all men who have become dissatisfied with treatment elsewhere. I will explain to you why you have not been cured, and will demonstrate to your entire satisfaction why I can cure you safely, quickly, and permanently. MY COUNSEL WILL COST YOU NOTHING, BUT MY CHARGES FOR A PERFECT CURE WILL BE REASONABLE AND NOT MORE THAN YOU WILL BE WILLING TO PAY FOR THE BENEFITS CONFERRED. I WILL DO BY YOU AS I WOULD WANT YOU TO DO BY ME IF OUR CASES WERE REVERSED.

**LADIES** If you are suffering from persistent headache, fainting, nervousness, uterine displacements, pains in back and feet, it is impossible for you to attend to your household and social obligations, give the doctor a call. He will cure you if you trust yourself to his care. A great many have taken treatment of this specialist and have cured their troubles in a short time and have cured their troubles in a short time and have cured their troubles in a short time.

**ALL DISEASES** of delicate nature—Inflammations and kindred troubles—quickly cured without pain or inconvenience.

**CATARH** which poisons the breath, causes the throat to become inflamed, and gives rise to a variety of troubles, such as, Croup, Hoarseness, Difficulty of Swallowing, etc.

**BLOOD AND SKIN DISEASES**, Scabies, Eruptions, Eczema, etc.

**WRITE** your troubles if living away from city. Send 2-cent stamp for list of questions and pamphlet.

### —From the Kalamazoo (Mich.) Gazette.

"Chronic Ailment.—A small portion of suffering which humanity is heir to, arises from acute diseases. These yield at once to the ordinary practice of the Schools, or they soon baffle all medical skill. But there is a class of complaints with which men and women are afflicted, that, without producing any apparently alarming symptoms, linger along for years, perhaps, but, unless arrested, invariably sooner or later prove fatal. These are the chronic diseases which Dr. F. B. Brower makes, and has made for years, a specialty. And for the treatment of such complaints, there is probably no physician of the present day more successful than he. He has made regular visits for years, and such has been his success in cases he has treated, that we can safely recommend him to those out of health. It will be seen that Dr. Brower makes his next visit at the Dixon House, in this city on Thursday, May 5th. Consultation free."

WITTER HOUSE. No pay unless cured

The doctor's wonderful power of diagnosis, greatest of all gifts, enables him to determine the causes of obscure and chronic ailments and to apply certain remedial measures which effect cures, sure and permanent cures.

X-Ray examinations in appropriate cases upon reasonable notice.

Hope for the Afflicted.

Many hundreds of sufferers pronounced by other physicians as hopelessly incurable, have been restored to health by Dr. Secrist.

Letters of endorsement from many prominent clergymen and hundreds of grateful patients are on file in his office.

The doctor has devoted much time and attention in the French hospitals to the study of

All Special Diseases of Men and has imported many special medicines and appliances necessary to effect certain cures in the worst cases of

Physical Weakness, Varicocele, Impotency, Nervous Debility, Etc. caused by youthful errors, night losses, general debility, improper treatment and neglect.

The doctor will forfeit \$500 where a cure is guaranteed and not effected.

Kidney and Bladder diseases treated by new and eminently successful methods.

Cataract in all its various forms; positive, prompt and permanent cures always effected.

Club Feet, cross eyes, and all other deformities treated with special care and unflinching success.

Nervous Diseases, Epilepsy and diseases of the blood and skin always yield to the doctor's modern methods of treatment.

Piles cured permanently without detention from business and without the use of the knife.

Laryngeal Troubles receive careful attention, and are always treated successfully, when not too long neglected.

Deafness is Dangerous.—Those who are chronically suffering should lose no time in consulting a special physician whose reputation for skill is so well and widely known.

Special attention given to

Diseases Peculiar to Women

No unnecessary exposure. No examination. No sacrifice of modesty.

The doctor does not publish his patients' names except with their full consent and approval.
